CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

3 O'clock Saturday Afternoon Is Hour For U.S.S.C. MILL GROUND BREAKING

Silver Shovel Will Be Used To Turn First Dirt Marking Actual Start Of Construction Of Massive Mill

A silver shovel, manufactured especially for the occasion, will be used to turn the first dirt in the ground breaking ceremony marking the start of construction of the new \$12,000,000 sugar mill at Bryant at 3 o'clock Saturday afternoon. Franklin Farrel, III, president of Farrel-Birmingham Company, Inc., Arizonia, Conn., contractors for the mill, will present the silver shovel to United States Sugar Corporation officials who will break the ground on this history-making occasion in western Palm Beach County.

Plans call for a program to last between 45 minutes and an hour for the Ground Breaking. One outstanding feature of the event will be the introduction of Mrs. Elizabeth Bryant Duff and Mrs. Catherine Bryant Beach, of Palm Beach, daughters of the late F. E. Bryant, pioneer sugar cane developer in the Everglades and for whom the Bryant plantation east of Canal Point was named. Mr. Bryant died in 1945 after having served the U. S. Sugar Corp., for many years as vice president and superintendent of the U. S. S. Corporation holdings at Bryant.

Harry T. Vaughn, president of the corporation, will make one of the talks of the afternoon when he discusses "Sugar Progress in the Glades." Those in the Glades section of the county who heard him at a recent Chamber of Commerce meeting in Pahokee know that a treat is in store. Mr. Vaughn was born and reared on a sugar cane plantation in Louisiana and has been in the business all his life. He is a former resident of Pahokee where he lived for two years while associated with the Bryant plantation before moving to Clewiston where he was gradually elevated in company circles until today he is President and General Manager of the Corporation.

Corporation officials are hopeful that C. S. Mott, one of the large stockholders, can be present for the ground breaking. If so, he will be asked to turn the first shovel of dirt. Mr. Mott is 85 years of age and lives in Flint, Michigan, and it isn't definite that he can be here Saturday.

Invitations have been issued to U. S. Senators Spessard L. Holland and George Smathers and Congressman Paul Rogers. Their attendance depends on the press of business in Washington.

Officials of the corporation extend a cordial invitation to all sugar interests and citizens of the county to attend the ground breaking and hear first hand about the \$12,000,000 venture into sugar grinding and raw sugar manufac-

ture in this area.

The Resources Development Board, with offices in West Palm Beach, plans to send a bus load of visitors for the afternoon's program. The bus will load at the parking lot across from Connie Mack Field at 1:30 and go direct to the ground breaking ceremony, returning around five o'clock in the afternoon. Reservations for the trip may be made by calling the RDB office, phone TE 2-3794.

Sunrise Easter Services Success

The Brass Ensemble, from the Pahokee High School Band, played a chorale, Mendelssohn's "Let All Men Praise The Lord", to herald the appearance of the rising Sun at the Easter Service. Dr. B. A. Bowers, interim pastor of the Pahokee First Baptist Church, delivered the Easter Sermon to approximately 150 people assembled on Lair Field.

Other ministers of the Pahokee and Canal Point area assisting on the program were: Rev. Thomas C. O'Steen, call to worship; Rev. Charles D. Stewart, prayer; Rev. Robert A. Shelly, scripture reading and Mrs. J. H. Kinar, benediction.

The combined vesper and chancel choirs of the Pahokee First Methodist Church, under the direction of Mrs. R. L. Hutton, sang Mozart's "Gloria," accompanied at the piano by Miss Alice Hurt. Robert O. Lampi, director of the Pahokee High School Band, led the congregation in group singing of three hymns.

The Services were sponsored by the Pahokee Ministerial Association with the various groups and individuals assisting. Offerings collected are to be used in home missions work among migrant families.

Design Forum Is Scheduled April 18

A landscape design forum will be held at the Mounts building on Military Trail on April 18 by District 10 Garden Clubs. Registration will start at 9:30 o'clock and the fee will be fifty cents. Plans call for the program to be over by 1:30 p. m.

Mrs. G. O. Gjoerloff will show slides on "Contemporary Gardens." William Dale will talk on "Urban Landscaping." Mr. and Mrs. Lewis Vaughn will show slides on "Meet the Orchid Family." Garden Club members are urged to attend.

The public is cordially invited to attend the "Ground Breaking" for the new \$12,000,000 sugar mill at Bryant at 3 p. m. Saturday, according to Harry T. Vaughn, president of the U. S. Sugar Corp.

Mr. Vaughn said that plans have been completed to care for a large crowd at the ceremony that is scheduled to last about an hour. A speaker's platform, loud speaker system and parking arrangements have been made at the site of the new mill immediately back of the commissary at Bryant.

The company has had many new signs painted to show directions for reaching the site of the ceremony.

A new law to be enacted at this session of the legislature will create a Magistrate's Court for the western section of Palm Beach County. Rep. Emmett S. Roberts introduced the bill this week and upon passage it will take effect in Palm Beach county at the beginning of the new budget year on October 1, 1961.

The first judge whose salary will be \$5000 a year, would be appointed by the governor, and would serve until the general election in 1962. After that the judge who will have to be at least 25, practiced law for a year, and a resident of the magistrate court district would be elected for four year terms.

Jurisdiction of the court would not include civil matters and would not conflict with the small claims court, Roberts said.

Misdemeanor cases and all traffic violation cases which are misdemeanors for which the punishment does not exceed a \$500 fine or a jail term of not more than six months will be handled by the court.

County Commissioner Paul Rardin, whose idea it was to construct the Glades Office Building for service to folks in this area, said that plans call for housing the new court in that building.

Molding the Character of a New Generation

Church is not a place. It is a personal experience with God. A re-discovery of human worth. The tapping of a limitless reservoir of inner power. An awareness of our blessings and the needs of others. Worship knots together the loose ends of individual lives, bringing love, purpose and harmony to families and communities.

Religious freedom is an inherent right of every American. Today's business management must continue to uphold this right and give its support to individuals and groups who seek to exercise it.

Christian Science Group Of Canal Point

Those attending Christian Science services Sunday will hear a challenging call to overcome sin and sickness of every kind through wholly spiritual means.

Highlighting the Lesson-Sermon entitled, "Are Sin, Disease, and Death Real?" is this Golden Text: "The kingdom of heaven is at hand. Heal the sick, cleanse the lepers, raise the dead, cast out devils: freely ye have received, freely give" (Matthew 10).

One of the selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states: "God is as incapable of producing sin, sickness, and death as He is of experiencing these errors. How then is it possible for Him to create man subject to this triad of errors, — man who is made in the divine likeness?" (p. 356).

This verse will be read from Psalm 145: "The Lord is righteous in all his ways, and holy in all his works."

Mr. and Mrs. W. D. Hitchcock and baby Larry of Milledgeville, Ga., were the recent over night guests of his parents, Mr. and Mrs. W. P. Hitchcock.
